"My son has been attending this school since he was 2 and he is now 4 in the pre-k program. We have been extremely happy with the school. It is a safe, nurturing, clean and well-organized environment for the kids. The teachers are great and the teacher's assistants are very caring and loving. This is a big plus, especially for the younger ones that start in the Toddler classrooms. This school has the best of both worlds in that it operates like a school in terms of the stimulating Montessori method and structured activities, but it also has the conveniences of a daycare since it has before and after-school care, optional bus service, optional in-house lunch program, etc. The school may be a bit pricier than other options in the area, but I think it is really worth it."

"My wife and I are extremely happy with Apple Montessori and would recommend it to anybody. The staff is very loving and dedicated, and our four year old is reading and loves to come to school. We couldn't ask for any more."
