"My son started in Apple Montessori last year. He has become so advanced for three because this school allows children to move ahead regardless of age. I regret not doing this school with my older son a few years ago. They truly care about every child as an individual. Thank you to his teachers for all their hard work!!"

~Naomi

"My daughter started attending when she was 3.5 yrs old. At first we weren't sure if we wanted a Montessori type preschool, especially because the price tag that it comes with, but it was conveniently located next to our house.. However we are extremely pleased with the school, it is worth every penny. Love their teaching methods, the patience and perseverance as well as the tenderness the teachers have shown my daughter. Special recognition to her teacher Mrs. Hanes, Mrs. Arevalo whom she absolutely loves and Mrs Lopez. My daughter is now in Kindergarten there and I am sad they do not offer an elementary school in Edison.. My younger one will be starting there as soon as she's 2.5."

REVIEWS FEATURED ON **GREAT!SCHOOLS**

"My children have been going to apple Montessori for the past 2 years. Choosing a school was not an easy task but after meeting with the director and the teachers at Rt 27 the decision became very easy. My children are not even considered pre k yet but they are working on material that would be considered kindergarten material at other schools. Most important, they are still able to be children and enjoy learning. They don't even realize that they are learning and are being challenged because they enjoy the materials they are working on. The first year I noticed their behavioral growth but this year I see how far they are coming academically. Ms Bhiri and Ms Dlugosz are very loving and I feel like they each share a special bond with both of my children!"

"My daughter has been going to the Rt 27 school for the past three years. I am very pleased and satisfied at the progress my daughter has made. By Pre-K she was already reading and doing math. Now she is in Kinder and is a great reader. When we go out she wants to read everything. People are surprised at how well she reads. Her teachers are excellent. They are caring and always concerned for my daughter. They always have time to talk to me and always address any of my questions. The Staff is always friendly. The school is very secure. I know that my daughter and I will miss this school and staff when she graduates Kinder this year. This school has met and exceeded all my expectation."
