"AMS has been great for our daughter especially with Ms. Dworak and her staff for last 2 years - pre K and K. My daughter really blossomed into a very confident and well-rounded child. Her social skills have shaped up really well and more importantly always uses her please and thank yous where appropriate. We are very happy to see her development as a kindergartner at AMS, where they have given her the opportunity to learn and do more based on her skill level. She loves helping out the younger kids like the way she was helped when she was younger and that has built her self image up tremendously. I would absolutely recommend AMS to all."

~Lakshmi

"Great School, my son has learned a lot in the 100 days of school itself. Its his first year & over the past he has attended other schools & day care centers, but Apple Montessori has surprised me by the extent of development & progress I have seen in my son. Miss Dworak is a wonderful teacher & my son is very fond of her."

~Keyur

"AMS on Woodbridge Ave are doing great job teaching and taking great care of my daughter - we were afraid that it would be really hard for my daughter to adjust since its her first time away from us. It's almost one month in and she is adjusting really well, earlier than what we expected. Thank you"

~Ankit

"AMS at Woodbridge Avenue is a great place for children's early learning days. Mrs. Dwarak of AMS is a great teacher for my kid. Thank You, Mrs. Dwarak"

~Renny

"What an amazing school! Friendly environment, experienced staff, dedicated teachers, competitive curriculum, school that believes in discipline and bringing out the best in children thus laying the foundation for lifetime of academic success. We all love this school and highly recommend it!"

~Amruta

"AMS is amazing. All teachers are very friendly and there is a lot to do and good homework. Very good education within a really caring environment. My daughters love to go to school."

~Gurudas

"Greatest school ever! My children are both reading so well ! The school is very clean and the staff is extremely dedicated to all the children. I highly recommend this school!

"My child has been going to AMS on WoodbridgeAve from last year. I feel the school is best and thanks to her teachers Ms. Deskins and Ms.Cedano. She loves the school."

~ A parent

"My daughter has been going to Apple Montessori I Woodbridge avenue for almost 8 months now. They have a lot going on in the school that keeps the kids busy all day. A lot of stress is given to discipline. They also have music classes every week with a music teacher coming in specially for this. Plus there is art enrichment and character development program. My daughter seems to enjoy going there. What I appreciate most is how understanding and patient the teachers have been with my very strong willed child. With their help she will hopefully learn to respect others without losing her own well developed sense of self. This definitely is one of the better schools in the area."

"My child has been attending AMS-Woodbridge Ave. location in Edison since he was 3. AMS is simply the best! We toured every pre-k in the Edison/Metuchen area and not one school measured up to the quality of care and education offered at AMS. My child loves going to school and loves his teachers! He will be attending Kindergarten at AMS next year. There was no question about staying at AMS for another year!"

~ A parent

"As a parent, I adore the teachers at AMS!. My elder kid attends Ms. Warner's class and my little one attends Ms. Deskins class. The care and dedication that all the teachers in each class show on my kids helps (and will help) a lot with their educational and social development."

~ A parent

"Very happy with AMS, Woodbridge. Special thanks to Mrs. Capatasto for being available during every difficult situation and taking a sincere effort to solve it. My kids love the school and what more can a parent ask for! Teachers are strict and caring in equal proportions. Would highly recommend AMS, Woodbridge."

~ A parent

"Great school, our twins go there and we have found the school to be very supportive and provide an excellent environment for learning. Thanks to all the teachers and staff for the great work they do. Special thanks to Ms Rodriguez and Ms Linkletters and their teams."

~ A parent

"I have one who graduated out of this school 6 years ago and another kid currently in this school for past 1 year and it is a wonderful place, staffed and managed exceptionally well. The teachers are excellent, compassionate, understanding and provide a nurturing environment for kids. They go to great extents to make it fun for the kids and each of them is never hesitant to be involved with the kids. It has a good retention rate of teachers, and their communication with parents is very good. I absolutely recommend this if you find it affordable."

"AMS is amazing. All teachers are very friendly and there is a lot to do and good homework. Very good education within a really caring environment. My daughters love to go to school."

~ A parent

"Apple Montessori Schools is a place where my child has learned not only to read, write and perform many different math skills, she has learned to be independent, make decisions, express her feelings, empathy and caring for others and responsibility. I have always felt safe leaving my child at Apple Montessori School on Woodbridge Avenue in Edison. My daughter has graduated Kindergarten and is well prepared to move to her new elementary School with a solid foundation and I am so Thankful for ALL the staff at Apple Montessori Schools who have touched her life as well as our Family. I highly recommend this school to anyone who is looking for a loving, caring, academic school. I have looked at many schools before deciding on Apple and when I walked in there I knew my child was at HOME!"

~ A parent

"My son recently graduated from Apple Montessori and is now in 1st grade. I am so pleased with his progress and how well he is doing in school. His new teacher just cant stop talking about how well behaved and respectful he is and how well he reads, writes and problem solves. He recently received an award for possessing these characteristics. I must say I owe it all to Apple Montessori and the wonderful staff, I only wish he could've stayed with Apple Montessori through elementary school."

~ A parent

"My daughter is enrolled at AMS Woodbridge Ave. This is her second year and I would like to share my experience over here. First thing I noticed was all the children were happy and saw that they were very comfortable with their teacher and also with the administration staff. My daughter is very shy so friendly, loving, caring and knowledgeable teachers / staff was my requirement and I gave this school 10 /10 on this parameter. My daughter used to work on various activity I saw her doing that on live camera but when I asked here she said nothing and I brought this to her teachers attention and teacher told me the name of that activity and when I rephrased my question to my daughter she said she had worked on that one. Teachers at this school participate and work with you for your child's development. I must also mention that I was touched to see the care AMS staff gave my sensitive child that today she is a confident, expressive and has turned in to a social kid. she will be going to Pre-k next year and she has already started blending words and reading. This is a wonderful school with excellent staff. Well maintained infrastructure and hygenic school. I would recommend this school."

~ A parent

"My daughter has attended AMS since Sept 2004 when she was 2 yrs old. From the very beginning I liked the school. They are very organized, orderly and extremely clean. The teachers are caring and open to any questions, concerns or requests for information you may have. The school is respectful of all children. The classroom is in order and discipline is taken very seriously. The classroom materials are in excellent condition and there are ample materials in all rooms. I like the Montessori method b/c besides teaching academics they teach respect, good manners and personal pride in your work. You can drop in anytime and always see a well-run school. Parents are involved as well as teachers and staff. Great extracurricular--wish they had a dedicated Spanish class though. Feels like family. I recommend this school from infant to kindergarten."
