"We chose Apple Montessori after looking at other schools and talking to people in our area. We really value the philosophy of the school. It was the best decision we could have made. Our daughter is in kindergarten and can pick any book off our shelf and start reading it herself. My children have gained self confidence and autonomy. The school provides a holistic curriculum, fostering the children's natural learning of academics, art, and self esteem. We love the teachers and staff and will miss being a part of this community when our youngest child graduates."
~Jamia I

"Apple Montessori is a great school - my 4 year old just loves it and comes home asking to do homework because he loves school so much. I am amazed everyday as to how much he has learned. Ms Kica is a wonderful teacher. I couldn't ask for more."
~Danielle L

"We can't ask for more for our 3 year old! The Apple Montessori School in Kinnelon is simply awesome! The office staff is highly professional and always ready to help. Our daughter's teacher is very caring and knowledgeable. We love this school!!"
~F A

"I chose Montessori based on it's reputation. I looked into Apple because it was nearby as another type was here too. I felt more comfortable with Apple. I definitely made the right choice. My son who is now in 1 st grade went there from 2 to kindergarten. He started half days 3 times a week and we worked our way up to 5 full days. He absolutely loved it. Loved his teacher. He learned manners, simple chores, and academics. He is at the top of his class in math and reading now. My 2 nd son now is in kindergarten and loves it there. Different teacher but just as great. They learn addition, multiplication, reading, science, geography and how to learn from other students when they are little and then how to teach when they are older. I could go on and on. This was definitely the best choice I have ever made for my kids. Next year I will miss Apple kinnelon Montessori so much."
~Loren M

"My daughter has been going here for a year now (she is currently 3.5) and I couldn't be happier. Her teacher, Mrs Miller, is so genuine and caring. We love the team, the school, and the Montessori program."
~Jo H

"Our daughter loves it here! She is excited about going to school everyday. Since enrolling her, she has grown in every possible way. She is more confident, asks more questions, and is more independent. Also, the staff is beyond professional and really get to know your child.

Their summer camp is also fantastic! My daughter was scared of the water, and within one month of summer camp, she was holding her breath and jumping into the pool! They are the best!"
~Amy M

"My son has been attending Apple Montessori for almost 2 years. He started at 16 months old in Wayne and then transferred to Kinnelon in January 2016 when we moved to the area. I cannot say enough good things about the teachers he has had and the administration. Even when I had an issue at both schools, it was immediately addressed and brought to resolution within 24

hours. There are always going to be issues that arise in childcare, and it is so important to focus on how they are handled. Mrs. Miller, my son's teacher at Kinnelon, is second to none. She is extremely intelligent, passionate and communicates with me very regularly on the progress of my son. I have had multiple people comment to me how verbal and bright he is for his age and I really do attribute this to his education at Apple Montessori! I am looking forward to my younger son attending as well when he turns 2!"

~Jenessa B

"There is 1 teacher for every 4 students. My 5 year old is reading and writing. My 6 year old is doing his times tables! The children are taught in a way they don't even know that they are learning! It is fun for them. Not only academics, they are taught good manners, eye contact, and public speaking! I am very happy with the results."

~Frank C

"If I would be able to give more than five stars, I would. This school is exceptional! Their staff are very professional, and always available to answer any questions. My son, who is 3 years old, loves his teacher, Mrs. Miller. She is caring, loving, and keeps me up to date with his progress. I highly recommend this school to any parent who wants to give the best education to their kids."

"My daughter attends Montessori and I am very happy with this school. Her Teacher is very caring and so is everyone else who works at the school. Knowing that she is there is very comforting. I would recommend this school to anyone."

A parent

"My Son has attended Apple Montessori since he was 8 weeks old. At 2 he was moved from the Wayne facility to Kinnelon. I have always been very pleased with the care and education he has received. He is very happy and clearly loved by his teachers. Mrs. Winkler has been an exceptional teacher and care giver. We will truly miss her when my son goes to first grade next year."

A parent

"Wonderful school - my 4 year old is growing and learning so much each day. Ms Kica is an awesome teacher who is so caring and knowledgeable."

A parent

"The Apple Montessori School in Kinnelon is an exceptional school. The staff is friendly and professional. My wife and I love the teachers and the Director. Our son loves to go to school every day and is always excited for school. Enrolling him was the best decision we made!"

A community member

"Apple Montessori was and is a great school. The instructional teachers are by far the best in the industry! They really do care about the success of the WHOLE child. Teaching is in their blood! My first child was at this school for 4 years and completed Kindergarten there. And has exceeded our expectations with the help and direction of the teachers and aids. My second child is also in the school and has excelled in many ways because of the way the children work at their own strengths and levels, Not the strengths and levels of others the same age. I can not say enough about the STAFF that works at Apple Montessori of Kinnelon. The learning experience is excellent!"

A parent

"I am a mother of twins and am so relieved and pleased to have found Apple Montessori. This school is innovative, caring and I have to say it -clean! I feel so safe leaving my children there every day. The teachers and assistants are friendly and I am always impressed how everyone who works there knows my children and asks about them whether or not my kids are in their class. The staff is knowledgeable and the Montessori learning techniques and study tools are perfect at engaging young children. My children are happy while being taught so many new skills from basics to anatomy, art and music. THis school is definitely a find and I can not say enough about how happy I am with my decision to send my children to Apple Montessori."

A parent

"We have had an overwhelmingly positive experience at AMS. My first child was reading at 4 years old and continues to be at the top of his class now that he's moved on to the elementary school. My younger child, who was slower to talk and socialize, has really come into his own in the Montessori environment. He now looks forward to seeing his friends each day and has turned into a little chatterbox! The teachers and assistants are very attentive to the children and really seem to love their job. The office is great about sending emails and photos regularly so I can see my little guy in action. And there are several scheduled conferences and in-class observations throughout the school year, which allow for open lines of communication. I feel like my children have thrived at AMS and I have always been pleased with my decision to send them there."

A parent

"My son has attended for about 6 months. He is 2 years old and loves school. His teachers are warm and nurturing. Sending him here was an excellent decision."
